- 1).A separate fee counter for the PG Students as it is not very practical for the PG students to come down till the Main block, especially during crowded situations
- 2). More Workshops on different kinds of work, entrepreneurships and exposure so that students can actually learn new things and can be mentally prepared on what they should go for when they Graduate.
- 3). More opportunities and emphasis on sports (not only by word but by action). The students at St.Joseph college are gifted and talented in the field of sports and have successfully produced Gold medalist not only in the Recently conducted Nagaland Olympics but North East Olypmics as well. So instead of discouraging them with the reason of attendance , encouragement and attention should be given as their calling maybe different and may produce potential athletes who may represent the state of Nagaland in different platform and also earn their livelihood through sports.
- 4). Management should be more leninent on leave grants for students who have/ had to attend funeral and not harass and interrogate them by asking the funeral program as they go through a stage of mourning the death of their love ones (fee back from many students)

Wish to see university in future

Canteen needs to be improved. Students should not move around during class hours or stand in the corridor, it disturbs other classes. Counseling for needy students is very important

Best college in Nagaland

Bring more job consultancy and placements in the campus.

Excellent College

Everything is good

Ex students to be invited for spring fest

There's room for improvement. A little bit more competition and the college will fly even higher!

I would like to thank the college administration and my dearest teachers who taught me enough to come this far

The College is well developed for students for pursuing their dreams and achieving their goals. It was a fabulous journey being a josephite. # "Josephite Arise and Shine"

College was always fun.

Would be great if all the departments get equal treatment in terms of extracurricular activities, such as field trips, excursion etc.... And also provide with skills development activities and not only based on academic performance or prospective

Good college with good faculties

This is not college. This is Life line of every northeast students.

The best environment for students

Upgrade the canteen

Best College in the entire state

If only the College gives importance and attention to the Sports teams and it's players a bit more than what is now.

They go, play and make the expenses on their own,

Only when the principal or whoever is concerned is informed that the teams are winning then only they send a little help.

So far I've only seen that the collage gets the good name and the title is the teams win anything but the players are not acknowledged the way they should be and the sponsorship they should be given to go and compete with other colleges in big tournaments.

Hoping to see some changes on the above stated grievances.

Great College.

Please let the students wear warm clothes during exam since the blazer is not warm enough, even though we were encouraged to wear something warm underneath blazer, only one thin sweater fits. So students usually feel cold and it is very hard to concentrate.

**THANK YOU FOR YOUR VALUABLE FEEDBACK!**
