Nil

Need to improve the management and the Salary atleast for the permanent senior teachers.

Management members also need adequate trainings on how to manage higher education institution to ensure high standard of quality education as well as to promote healthy work environment for the staff.

I find everyone cooperative and gives a positive energy to work more.

Infrastructure excellent

Verbal Abuse by the management to the staff is seen very frequently. Equality treatment should be served.

There is no strong relation between the Faculty (as a whole) and the Management. Which one factor the students themselves can clearly see and take advantage of.

Good with potential for excellence

It is a private college, so many areas can be there

It may benefit the college, if the college can look into/improvise the following in the college

1. Promotion of the teachers
2. Better salary package
3. Advertisement of vacancies in the college
4. Retention policy

None

College has Very good ambience and Good scope for growth. Especially for English department students, we have a language lab facility. This can be made use very well to enhance our students skills.

No
