The Internal Quality Assurance Cell of the College with its objectives to facilitate efficient and progressive performance in the academic, administrative and financial areas of the college and to enhance the quality, IQAC has taken feedback from the various stakeholders of the college. In pursuance of the college Green initiative and to save paper, all the feedback surveys were conducted through online platform of Google Form. Based on the feedback received the following actions were taken:

1. The data of the feedback from Students Satisfaction Survey on Individual Teachers were compiled and based on the result, the Principal meet with the faculties individually and the feedback report of the faculties were emailed to the faculties. The department was also appraised of the teaching-learning areas where improvements can be made.
2. The IQAC also collected the feedback from the various stakeholders such as the students, faculties, Alumni and office staff. Based on the feedback received, a SWOC analysis of the college was done and shared with the management.
